Sir,

Subject:- Re: the grant of a suitable land by the side of Protestant Cemetry for the construction of a High School Building by the Roman Catholic Mission, Mysore, in Narasimharaja Mohalla, Mysore.

I have the honour to state that Rev. Father F. Audiau, Manager of St. Joseph's Middle School applied for a plot of land to the north of the existing Protestant Cemetry (vide sketch enclosed) for the above - High School. As this is one of the reserved areas as per Notification No.L.8481-Ml.57-32-20 dated 10th June 1935, it is not possible to grant this area for the construction of the said school. The matter was - brought before the Board at their Meeting held on 26th November 1941 when it was resolved that the petition may be referred to Government (vide copy of the resolution No.66 dated 26th November 1941).

I understand the Mission authorities have an idea of locating the High School alternatively at the place marked E.F.G.H, the houses K, L, M and N, being acquired This area is also a reserved area.

The Board has however no objection to the grant of either of these sites for the construction of a High School on such terms as the Government deems fit A stipulation may however perhaps be made that in case the building is used for any purpose other than a High School the Government will have the first right to take the building at its market value to be evaluated by Engineering Officers, the site being valued only at the rate at which it is given to the Mission authorities.

The original petition is enclosed

Subject:- Re: the grant of a site by the side of Protestant Cemetry for the construction of a High School building by the Roman Catholic Mission, Mysore.

1. With reference to your letter No.L.8690/41, dated 19th March 1942 on the subject noted above, I have the honour to state as follows:-

2. Mr. Krumbiegal has already seen the site with me He has no objection to it. The Roman Catholic Mission authorities have been asked in this Office letter No.3102 dated 31st March 1942 to intimate very early if they are willing to construct the school building according to the plan to be prepared by Mr.Krumbiegal. Their reply in the matter is awaited. The plan now given by the Mission authorities will be sent to Mr Krumbiegal along with an extract of your letter in question.

3. Regarding the two petitions (1, from the Rev. C.T.Key, Chaplain of Mysore & Mercara dated 23rd February 1942 and (2) from the Rev. Fr F. Audiau, Chaplain, St.Philomena's Shrine, Mysore, dated 28th February 1942) sent in original for report, I wish to state that I inspected the spot on the 1st April 1942 along with the Trust Board Engineer and the Rev. C. T. Key. The total area of the present Protestant Cemetry is 88,422 sq.ft., After deducting 57,482 sq.ft., for the foot-path and the graves that are already in existance the balance of land available for fresh graves is - 26,940 sq.ft. Taking an area of 10' x 8' as the requirements of each - grave, the area available as noted above will surffice for 337 graves. - At the rate of 10 deaths per year the ground will last for 33 years. The present population of this community as per letter of the Rev.Key is -- 500 only. Rev.Key's letter in question in original is enclosed herewith.

4. The area which the two Roman Catholic authorities are asking

for a High School Building is I think quite well suited for the purpose If and when the extension of the Protestant Cemetry becomes a live issue a separate plot outside the town may be given to them A school in this area is necessary as the Rev Father Audiau has stated in his petition under reference

5 The approximate value of the site (measuring 14,982 sq yds ,) asked for would be Rs 14,982/- at Re 1/- per sq yd , based on the rate fixed for the sites in Travellers' Bungalow Road in the Trust Board Business Manual The rate actually would be even higher between Rs 2/- & 3/- per sq yd The average rate may be taken at Rs 2/- per sq yd This is an important road leading to Government House

6 The two petitions under reference are returned herewith

I have the honour to be,

Sir,

Your most obedient servant,

B Nageshwara Rao

Subject Re - the grant of a site by the side of Protestant Cemetry for the construction of a High School building by the Roman Catholic Mission, Mysore.

====

With reference to your letter No.L.8690/M1 dated 19th March 1942 on the subject noted above, I have the honour to state as follows -

2. Mr. Krumbiegal has already seen the site with me. He had no objection to it. The Roman Catholic Mission authorities have been asked in this office letter No.3102 dated 31st March 1942 to intimate very early if they are willing to construct the School Building according to the plan to be prepared by Mr. Krumbiegal. Their reply in the matter is awaited The plan now given by the Mission authorities will be sent to Mr.Krumbiegal along with an extract of your letter in question.

3. Regarding the two petitions (1) from the Rev. C.T.Key, Chaplain of Mysore & Mercara dated 23rd February 1942 and (2) from the Rev. Fr.F Audiau, Chaplain, St. Philomena's Shrine, Mysore, dated 28th February 1942 sent in original for report, I wish to state that I inspected the spot on the 1st April 1942 along with the Trust Board Engineer and the Rev C.T. Key. The total area of the present Protestant Cemetry is 88,422 Sq.ft After deducting 57,482 sq.ft, for the foot-path and the graves that are already in existance the balance of land available for fresh graves is 26,940 sq ft. Taking an area of 10' x 8' as the requirements of each grave, the area available as noted above will suffice for 337 graves At the rate of 10 deaths per year the ground will last for 33 years. The present

population of this community as per letter of the Rev. Key is 500 only. Rev Key's letter in question in original is enclosed herewith.

4. The area which the two Roman Catholic authorities are asking for a High School Building is I think quite well suited for the purpose. If and when the extension of the Protestant Cemetry becomes a live issue a separate plan outside the town may be given to them. A school in this area is necessary as the Rev. Father Audiau has stated in his petition under reference.

5. The approximate value of the site (measuring 14,982 sq-yds) asked for would be Rs.14,982/- at Re.1/- per sq.yd , based on the rate fixed for the sites in Travellers' Bungalow Road in the Trust Board Business Manual. The rate actually would be even higher between Rs.2/- and 3/-. The average rate may be taken at Rs.2/- This is an important road leading to Government House.

6. The two petitions under reference are returned herewith.
